Assistant Surgeons and the same arrangement may be adopted in this case. The Medical staff asked for appears also to be susceptible of some reduction, particularly in the initial stage.

5) Under present financial conditions, it is necessary to minimise additions to recurring expenditure to the largest extent possible. I would therefore state that the minimum additional staff require for the hospital may be sanctioned and the question of establishing a Medical district at Mandya which is not urgent, may be noted for consideration at the next budget time, which is not far off.

Subject.—

FORMATION OF THE MANDYA MEDICAL DISTRICT.

Proposals were made by the Senior Surgeon in April 1939 for the formation of a separate medical district with Head-quarters at Mandya, bifurcating the Mysore medical district on the same lines as those adopted for purposes of revenue administration. It was represented that on account of the large number of medical institutions in the Mysore district, it was difficult for the District Medical Officer to administer them satisfactorily and the position would be worsened when the new institutions now under consideration were opened. The Senior Surgeon adds that experience has shown that the Mysore District also presents more problems for solution and more occasions for combating epidemics than the other Districts, being full of places of pilgrimage and special tracts, such as, the Irwin Canal area, which need special attention. For these reasons, the bifurcation of the district, which contains as many as 60 medical institutions, into two - the Mandya District to comprise 23 institutions and the Mysore District to have 37 institutions - is strongly urged.

It is proposed to form the New Mandya Medical District with effect from 1st June 1940. The minimum additional staff required is as shown in the statement and costs Rs. 838-1-6 per mensem and the special charges amount to Rs. 5,130/- per year, as noted below:

Travelling allowance to Officers	Rs.	180/-
Travelling allowance to establishment	Rs.	90/-
Diet of patients	Rs.	3,000/-
Hospital necessaries	Rs.	900/-
Contingencies	Rs.	600/-
Bedding and clothing	Rs.	180/-
Electric charges	Rs.	180/-
T o t a l ...	Rs.	5,130/-

Submitted to His Highness.

From
The Senior Surgeon in Mysore,
Bangalore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department, Bangalore.

Sir,

7) In continuation of my letter No. G.C. 408-1 dated 30-1-1940 requesting for sanction among other things for lumpsum grants for initial charges of the New Hospital to be opened at Mandya very shortly, I have the honour to forward herewith indents in duplicate, for the following items:-

1. Furniture.	...	Rs. 1,825- 0-0
2. Bedding and Clothing.		Rs. 1,713-13-0
3. Cots, Cradles, etc.		Rs. 5,110- 8-0
	Total.	Rs. 8,649- 5-0

8) The figures furnished in my letter of 30th January 1940 were based on rough calculations pending the receipt of indents which had been called for. The indents received show that increased amounts are necessary to the extent mentioned in the indents. The cost of articles has been scrutinised by the Superintendent, Medical Stores, and said to be reasonable.

9) Surgical instruments and appliances have been omitted from the list as purchases in this behalf have been arranged to be made out of the special allotment of Rs. 2,500/- given to the Mandya Hospital, from the lumpsum grant of 1 lakh of rupees recently sanctioned by Government. Some of the important articles required for the Operation Theatre have also not been included. The Mysore Sugar Co., have kindly donated a sum of Rs. 1,000/- towards the equipment of the Operation Theatre. When this is realised, further purchases will be made to equip the Operation Theatre.

As the New Hospital at Mandya is proposed to be opened very shortly, I request that sanction may kindly be accorded to the indents now sent at a very early date, so that orders could be placed and the supply arranged.

I have the honour to be,
Sir,
Your most obedient servant,

Sir,

With reference to your letter No. G.8717/med. 234-39 dated 10th April 1940 calling for information as regards variations in respect of certain items of staff proposed for Mandya Hospital, I have the honor to state as follows:-

1 Nurses :- Three nurses were originally proposed as only three wards were said to be opened for work. As another ward in addition to these three will also be opened it is necessary to have four nurses.

2 Second clerk. The post of second clerk may be omitted for the present

3. Ward attendants. Five ward attendants are necessary in view of increased number of patients expected to be treated in the four wards.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

Read:—

Correspondence ending with letter No. C.C.408-8, dated 11th April 1940 from the Senior Surgeon submitting proposals for the formation of the Mandya Medical District.

ORDER No. G 10360-416/Med 234-39-5

Dated, Bangalore, 24 June 1940.

The Senior Surgeon submitted proposals in April 1939 for the formation of a separate medical district with headquarters at Mandya, bifurcating the Mysore Medical District on the same lines as those adopted for purposes of revenue administration. It was represented that on account of the large number of medical institutions in the old Mysore District, it was difficult for the District Medical Officer to administer them satisfactorily and that the position would become worse when the new institutions now under consideration were opened. The Senior Surgeon adds that experience has shown that the said Mysore District also presents more problems for solution and more occasions for combating epidemics than the other districts, being full of places of pilgrimage and special tracts, such as the Irwin Canal area, which need special attention. For these reasons, it is urged that it is necessary to bifurcate the district, which contains as many as 60 medical institutions, into two - the Mandya District to comprise 23 institutions and the Mysore District 37 institutions, as shown in the statement appended. Government approve of the formation of this new District with effect from 1st June 1940.

Sanction is accorded to the extra staff required as shown in the statement appended, costing Rs.838 & 1/6 per mensem. The scale of special charges proposed amounting to Rs.$130/- per year,

per year, as detailed below, is also approved:-

Travelling Allowances to officers	...	Rs. 180/-
Travelling allowances to establishment	..	Rs. 90/-
Diet of patients	...	Rs.3,000/-
Hospital necessaries	...	Rs. 900/-
Contingencies	...	Rs. 600/-
Bedding & clothing	...	Rs. 180/-
Electric charges	...	Rs. 180/-
Total	...	Rs.5,130/-

Sanction is also accorded to the proposals made in regard to providing equipment at a cost of Rs.8,649-5-0 as follows:-

Furniture	...	... Rs.1,825- 0- 0
Bedding & clothing	...	... Rs.1,713- 13-0
Cots, Cradles etc.	...	... Rs.5,110- 8- 0
Total		... Rs.8,649- 5- 0

This does not, however, include the cost of surgical instruments and appliances which will be purchased out of the allotment of Rs. 2500/- made for the Mandya Hospital out of the special grant of Rupees one Lakh made in the current year's budget of the Medical Department for purchase of special equipment. The Senior Surgeon also states that some articles required for the operation theatre will be purchased out of the donation of Rs.1000/- of the Mysore Sugar Company when realised.

The cost on account of the extra staff and the special charges of the New District will be met out of the provision of Rs.14,000/- made in the next Year's budget.

The cost of initial equipment will be met out of the sanctione grants of the Medical Stores for 1940-41.

Correspondence ending with letter No. G. C. 408-8, dated 11th April 1940, from the Senior Surgeon, submitting proposals for the formation of the Mandya Medical District.

ORDER No. G. 10360-416—MED. 234-39-5, DATED BANGALORE, THE 24TH JUNE 1940.

The Senior Surgeon submitted proposals in April 1939 for the formation of a separate medical district with headquarters at Mandya, bifurcating the Mysore Medical District on the same lines as those adopted for purposes of revenue administration. It was represented that on account of the large number of medical institutions in the old Mysore District, it was difficult for the District Medical Officer to administer them satisfactorily and that the position would become worse when the new institutions now under consideration were opened. The Senior Surgeon adds that experience has shown that the said Mysore District also presents more problems for solution and more occasions for combating epidemics than the other districts, being full of places of pilgrimage and special tracts, such as the Irwin Canal area, which need special attention. For these reasons, it is urged that it is necessary to bifurcate the district, which contains as many as 60 medical institutions, into two—the Mandya District to comprise 23 institutions and the Mysore District 37 institutions, as shown in the statement appended. Government approve of the formation of this new District with effect from 1st June 1940.

2. Sanction is accorded to the extra staff required as shown in the statement appended, costing Rs. 838⅛ per mensem. The scale of special charges proposed amounting to Rs. 5,130 per year, as detailed below, is also approved :—

	Rs.
Travelling Allowances to Officers	180
Travelling Allowances to Establishment	90
Diet of Patients	3,000
Hospital Necessaries	900
Contingencies	600
Bedding and Clothing	180
Electric Charges	180
Total ...	5,130

Sanction is also accorded to the proposals made in regard to providing equipment at a cost of Rs. 8,649-5-0 as follows:—

	Rs.	a.	p.
Furniture	1,825	0	0
Bedding and Clothing	1,713	13	0
Cots, Cradles, etc.	5,110	8	0
Total	8,649	5	0

No. G. 10360-416—MED. 234-39-5, DATED 24TH JUNE 1940

This does not, however, include the cost of surgical instruments and appliances which will be purchased out of the allotment of Rs. 2,500 made for the Mandya Hospital out of the special grant of Rs. 1 lakh made in the current year's budget of the Medical Department for purchase of special equipment. The Senior Surgeon also states that some articles required for the operation theatre will be purchased out of the donation of Rs. 1,000 of the Mysore Sugar Company when realised.

The cost on account of the extra staff and the special charges of the New District will be met out of the provision of Rs. 14,000 made in the next year's budget.

The cost of initial equipment will be met out of the sanctioned grants of the Medical Stores for 1940-41.
